

BYESVILLE ELEMENTARY NEWSLETTER

February 2021

Principals Page

While many things have changed in the past year, we are striving to maintain a daily sense of consistency for students, staff, and families at Byesville Elementary. Everyone involved has had to adapt to new rules and policies which often change rapidly. I am extremely pleased with the entire Byesville Elementary Community. A huge thanks goes out to everyone! It takes collaboration and cooperation from everyone in order to make this a successful school year.

So what is going on at Byesville?

Byesville Elementary had a quick and remote-friendly December! Staff recognized the long, successful career of Mrs. Becky Wilson, Byesville Elementary Secretary. We wish her much happiness and success as she retired during the month of December. Staff also welcomed their new secretary Mrs. Kerri Rhinehart.

Remote learning took place the week before Christmas. Mrs. Warden and Mrs. Poland will be looking into a classroom intervention for classrooms focusing on emotion regulation. Staff are trying to keep a positive rapport with parents and students and be available for assistance during this time.

With testing completed k-2 teachers are busy crunching numbers and examining the data to make decisions on how our students will be best served during the second semester. Teachers at all levels are continuing to use OG daily. This is one of the best programs available to us. It has been extremely successful for many struggling students and has inspired and accelerated the learning of students on track.

In the fall everyone appeared to be a bit nervous about holding virtual parent/teacher conferences. However, after seeing how well fall conferences were attended all staff are looking forward to virtual parent - teacher conferences on Friday Jan. 15, 2021. Many parents have reported to us they were able to attend because the conferences were virtual.

Last but not least pre-k students are quite busy characters. In addition to all the basics including letters, numbers, rhyming words, and more,.... students are looking forward to an upcoming space study, including simple machines and buildings. Preschool students are also collecting supplies for the animal shelter which is an annual event for them.

Calendar of Events

February 14th—Valentines Day

February 15th—NO SCHOOL— Presidents Day
